

Voices for Hospitals and Health Care Just Got Louder.

Join others in the hospital community who are speaking out for hospitals and health care in Pennsylvania.

There has been a lot of talk in the state and federal government about the future of health care, and you need to be a part of those conversations!

A new website has been launched specifically for people like you, who work and volunteer in Pennsylvania hospitals, to help you understand important health care issues and how to speak out for your hospital and health care community.

Check out the new CareforPA.org website, and sign up to receive the newsletter and alerts about important issues that impact the hospital and health care community.

You can help make a difference for hospitals in Pennsylvania. Sign up today at CareforPA.org!

Speak out to support hospitals and health care in Pennsylvania.

The American health care system is poised for tremendous change. You can help shape the future of Pennsylvania's health care system by becoming informed and active about health care issues affecting your hospital and community. At the CareforPA.org website, you can learn about the important issues facing Pennsylvania's hospitals and your community, and communicate with elected officials about how government proposals impact health care delivery.

Help to ensure a strong health care system for all Pennsylvanians. Become part of the CareforPA.org community today!

- Review information about key issues affecting Pennsylvania's hospital community.
- Sign up to receive the monthly *Know the Issues* e-newsletter and *Action Alert* emails as part of HAP advocacy campaigns.
- Track key legislative proposals that impact hospitals and health care.
- Look up lawmakers and their voting records.
- Find important election information and register to vote.
- Contact lawmakers about an issue.
- Submit and view stories, photos, and videos about the positive activities taking place in hospitals across the state.

Careforpa.org is owned and maintained by the Hospital & Healthsystem Association of Pennsylvania (HAP).
